POINTS DETAILS

- *If you're on the Starter plan and someone you refer purchases any plan—be it Starter, Explorer, Achiever, Elite, or Master—you'll earn 1 point directly.*
- *As an Explorer plan member, referring someone on the Starter plan earns you 1 point. If your referral chooses Explorer, Achiever, Elite, or Master, enjoy 2 points directly and 1 point indirectly, extending to 2 levels.*
- *Amplify Your Income as an Achiever! When you successfully refer someone who activates the Starter or Explorer plan, you earn 2 direct points. Unlock even greater rewards when your referral chooses the Achiever, Elite, or Master plan, securing 3 direct points. Additionally, enjoy 1 indirect point for each Starter and Explorer plan and 2 indirect points for each Achiever, Elite, or Master plan, extending to 3 levels.*
- *If you're on the Elite plan, referring someone who activates their account with the Starter, Explorer, or Achiever plan earns you 3 direct points. If your referral chooses the Elite or Master plan, celebrate with 4 direct points. Additionally, for each Starter, Explorer, or Achiever plan activated indirectly, you'll receive 2 points, and for each Elite plan activated indirectly, you'll receive 3 points extending to 5 levels.*
- *When referring a member of the 5th plan (Master), your earnings will exclusively be in direct points, as Master plan referrals contribute to direct points only through pairs. However, for indirect points, which extend up to 5 levels, your Master plan referral will not contribute; instead, you'll receive indirect points from Starter, Explorer, Achiever, and Elite plans. This unique structure distinguishes the Master plan's earning mechanism, ensuring a knowledgeable and tailored approach to your DE-EVER rewards.*
